## U. S. PATTERNS

### From a Famous Mid-Western Collection

This offering of U. S. Patterns contains 70 dollars, 49 half-dollars and 54 quarters and is probably the finest ever sold at public auction. The references (A. W. numbers) are, naturally, to the work by Edgar H. Adams and William H. Woodin entitled "United States Pattern, Trial, and Experimental Pieces." This book, originally published by the American Numismatic Society, has become quite rare. Recently, however, a reprint was made to sell at \$3.00. In order to permit the collector to more intelligently study this offering, we have made available a limited supply of these at the NUMISMATIC GALLERY. These may be examined free of charge, at the Gallery, or purchased at the regular price of \$3.00, postpaid.

The rarity of each pattern has also been classified according to the Standard Adams-Woodin scale - as follows.

No. Issued.	Rarity	No. Issued.	Rarity
Unique	R. 15	21 to 25	R. 8
2 to 3	R. 14	26 to 35	R. 7
4 to 5	R. 13	36 to 50	R. 6
6 to 8	R. 12	51 to 75	R. 5
9 to 12	R. 11	76 to 100	R. 4
13 to 15	R. 10	101 to 300	R. 3
16 to 20	R. 9	301 to 500	R. 2
		Over 501	R. 1

It is well to keep in mind that all patterns were struck only as **proofs** and consequently, we have omitted this term in describing the coins. **Remember.- All the following patterns are in Proof Condition.**
